

Developmental Medicine and Child Neurology

Volume 9 1967

MAR 25 1968

MEDICAL
LIBRARY

INDEX

Authors and subjects of articles in the body of the Journal are indexed together. Abstracts are included in the general index and listed under both subjects and authors, with '(abstr.)' at the end of the title. Letters to the Editor are indicated by the symbol (L).

KEY TO ISSUES AND PAGES

Issue	Pages	Issue	Pages
No. 1	1-142	No. 4	371-528
No. 2	143-268	No. 5	529-670
No. 3	269-370	No. 6	671-812

Abductor hallucis, spastic, 118, 602
Abnormalities, congenital, associated with congenital rubella syndrome (abstr.), 367
— associated with partial trisomy of chromosome of group 6-X-12 and familial translocation heterozygosity, 313
— See also Malformations
Accidents in childhood, 767
ADINOLFI, M., and GARDNER, B.: Studies on the properties of a human fetal serum protein, 609
Adolescents, handicapped, medical aspects of care of, 776
— medical problems of, 777
Adults, cerebral palsied, 671
AGRANOFF, B. W. See ROWE, M. J., 139
Agyria, cerebral, infantile spasms associated with, 460, 791 (L)
AKIYAMA, Y. See PARMELEE, A. H. Jr., 70
Alcohol, intraneural injection in spasticity, 775
ALTER, M., and SCHULENBERG, R.: Dysplasia of epidermal ridges in a trisomy 18/normal mosaic, 582
American Academy for Cerebral Palsy, annual meeting, New Orleans, 1966; abstracts of papers presented at, 113
— Brain Registry, reactivation of, 793 (L)
Amino-aciduria, abnormal, in petit mal epilepsy (abstr.), 140
Ammonia intoxication, periodic, lysine intolerance with (abstr.), 527
Anamnesis, paediatric, reliability of, 64
ANDERSSON, H., and CARLSSON, C.-A.: Plexectomy as an aid in blocked ventriculo-venous shunts (abstr.), *Suppl. 13*, 134
— and ROSENGREN, K.: Radiological study of central canal in myelomeningocele, *Suppl. 13*, 96

ANDREWS, I. M. See ARMSTRONG, M. D., 665
Anencephaly in South Wales between 1958 and 1962, *Suppl. 13*, 30

ANNOTATIONS

Accidents in childhood, 767
Anticonvulsive drugs, disturbed folic acid metabolism due to, 647
Antiepileptic drugs, side-effects of, 239
Blood enzymes in trisomic and translocation mongols, 353
Bone growth disturbance as index of prenatal morbidity, 643
Broad thumbs syndrome (Rubinstein's syndrome), 650
Carbonell-Perez reflex, 640
Choreoathetosis, paroxysmal, 235
Colour and development, 769
Congenital nephrotic syndrome, 500
Diencephalic syndromes of infancy and childhood, 497
Down's syndrome and parental consanguinity, 351
Dysautonomia, familial, 234
Encopresis, 771
Epilepsy and television, 504
Guillain-Barré syndrome, 639
Heart failure from brain damage, 772
Hemispherectomy for infantile hemiplegia, 773
Hepatitis, infectious, association with Down's syndrome, 502
Hoffman reflex in cerebral palsy, 345
Hyperammonaemia, 232
Hyperphenylalaninemia without phenylketonuria, 496
'Incidence' and 'prevalence', 770

INDEX

- Limbs, upper, surgery in cerebral palsy, 109
Mental retardation, parental awareness of, 494
Migraine in childhood, 641
Muscle fibres, histochemistry, 241
Operant conditioning in evaluating children with learning problems, 350
Parental counselling and spina bifida, 110
Play and exploration, 347
Potassium-40 during growth and development, 107
Protein-calorie deficiency and central nervous system, 104
Refsum's disease, 501
Rhesus iso-immunisation disorder in newborn, prevention, 102
Scul surfaces, deformities of, 648
Sex-linked paralysis, 105
Sleep in infants, research on, 236
Spasticity, intraneural injection of alcohol in, 775
Spina bifida occulta, genetics of, 645
Stature, shortness of, 354
Tryptophan, abnormal loading, interpretation of tests, 348
Tuberous sclerosis, changing concepts of, 493
Vision in the newborn, 231
- Anoxia in newborn, neuropathological effects of, 544
Anterior horn cells, disorders of in infancy and childhood, 223
Appendix vermiformis, histological study of as alternative to rectal biopsy in neurological diagnosis, 98, 245 (L)
ARMSTRONG, M. D., ROBINOW, M., and ANDREWS, I. M.: A case of hyperlysinemia: biochemical and clinical observations (abstr.), 665
Asymmetry, congenital (abstr.), 262
Athetosis, oral sensorimotor function in, 119
ATTERBÄCK, B. See d'AVIGNON, M., 707
Auricle in children with Down's syndrome (abstr.), 524
Australian Cerebral Palsy Association, eighth medical and educational conference, Melbourne, 1967, 651
Autoimmunity associated with chromosomal aberrations (abstr.), 262
d'AVIGNON, M., HELLGREN, K., JUHLIN, I.-M., and ATTERBÄCK, B.: Diagnostic and habilitation problems of thalidomide-traumatized children with multiple handicaps, 707
- Bacterial infection in cases of perinatal death (abstr.), 368
BAKER, G. C. W. See STARK, G. D., 732
BALL, T. S., and WILSONCROFT, W. E.: Perceptual-motor deficits and the phi phenomenon (abstr.), 808
BANKER, Betty Q.: Neuropathological effects of anoxia and hypoglycaemia in newborn, 544
BAROLIN, G. S.: Migraines and epilepsy—a relationship? (abstr.), 665
BARRETT, Mary L., HUNT, Valerie V., and JONES, Margaret H.: Behavioral growth of cerebral palsied children from group experience in a confined space, 50
— and JONES, Margaret H.: The 'Sensory Story': a multi-sensory training procedure of toddlers. I. Effect on motor function of hemiplegic hand in cerebral palsied children, 448
BARRETT, Norah M. See GRIFFITHS, Margaret, I., 33
BATES, J. A. V.: A human mid-brain preparation: summarised translation of E. Gamper's original paper, 780, 811
BAUMEISTER, A. A.: Effect of dietary control on intelligence in phenylketonuria (abstr.), 666
BAX, M.: Medical aspects of care of handicapped adolescents, 776
— Report of the twentieth annual meeting of the American Academy for Cerebral Palsy, 113
— and MAC KEITH, R. C.: Results of treatment, 1
— See GORDON, N., and Others, 506
Bayley infant scales of mental and motor development, 391
Behaviour growth of cerebral palsied children, group experience in a confined space, 50
— of mothers to examination of their babies, 59
BENADY, D. R.: Encopresis, 771
BERENDES, H. See SEDLIS, A., 160
